

STOCK FLEXO INK COLORS

Our imprinting processes operate in a post-production environment in which imprinting takes place on a bag which is already constructed. This means that some restrictions such as a fold or a gusset in the bag may impact its printability and available imprint area.

Please note that the colors displayed here may not be the exact color imprinted on your product, as different display technologies display colors differently. The PMS colors indicated are only intended to provide a general approximation of the imprint color.

PMS MATCH CHARGE: \$100.00 per match.

REGARDING PMS COLOR MATCHING: PMS matching is available on white bags only. We will custom mix colors to get closest match to your requested PMS color but an exact match can not be guaranteed.
